

EMPLOYMENT OPPORTUNITIES WITH ALASKA HEART & VASCULAR INSTITUTE

AHVI is a 22-physician cardiology group recruiting a new colleague to help with statewide needs.

We are looking for a general cardiologist with strong training and superior clinical and interpersonal skills, and the practice is open to recent residents/fellows. The group uses Centricity EMR in the clinic. The new Alaska cardiologist will cover imaging, ECHO, cardiac MRI, CT, nuclear, PET and EKG.

Alaska Heart & Vascular Institute is actively involved in cardiovascular research as well as the latest technology in ICD, pacemakers, CHF and new drugs for coronary artery disease. If you

are looking for an opportunity where you can enter a full practice with an outstanding and supportive group, in a location of unmatched beauty, in a welcoming and family-friendly community, this is the ideal opportunity for you.

Call 907.561.3211
